

Contact Info

Name	Nguyen Kim
Academic Position	Senior Lecturer
Academic Degree	Master
Office	Department of Internal Combustion Engine
Building	Gasoline Engine Workshop
Phone	(08) 37221223 ext 8341
Email	nguyenkim@hcmute.edu.vn

Fields of Expertise / Research Interests

Engine electrical control systems
Design, assemble in engine models

Education Career

1985: Engineer Degree, major “Vehicle Engineering” in HCMUTE (VN)
1996: Master Degree, major “Vehicle Engineering” in HCMUTE (VN)

Publication

No	Project title/Field of research and application	Date of completion	Project level	Responsibility
1	Design and assemble the engine control system model in Mitsubishi engine	12/2011	HCMUTE University distinguished project (Code:T2011-TĐ)	Director
2	Design and assemble the Ignition transistor circuit	12/2013	HCMUTE University distinguished project (Code: T2013-59)	Director
3	Design and assemble the controller for Mercedes Ignition System	12/2014	HCMUTE University distinguished project (Code: T2014-57)	Director
4	Research, design models of idle speed controller in SI engines	2015	HCMUTE University distinguished project (Code: T2015)	Director
