

Contact Info

Name	Thai Huy Phat
Academic Position	Lecturer
Academic Degree	Master
Office	Chassis and Body Department
Building	Chassis and Body Workshop
Phone	+(84) 934951146
Email	phatth@hcmute.edu.vn

Fields of Expertise / Research Interests

- Automotive Powertrain system
- Automotive motion control systems
- Body and paint repair

Education Career

2009: Engineer Degree, major “Automotive Engineering” in HCMUTE (VN)

2014: Master Degree, major “Automotive Engineering” in HCMUTE (VN)

Publication

No	Project title/Field of research and application	Date of completion	Project level	Responsibility
1	Research And Install The Dual Fuel Cng – Diesel Supply Control System On Common – Rail Engine	2012-2014	Ministry level project (Code: B2012-22-01)	Member
2	Research , design and manufacturing models Hybrid Drivetrain	2009	HCMUTE University distinguished project (Code: T2009-71)	Director
3	Design , manufacturing instrumentation cargo volume on trucks	2011	HCMUTE University distinguished project (Code: T2011-45)	Director
4	Design , manufacturing system Stop / Start on Yamaha Nouvo LX	2013	HCMUTE University distinguished project (Code: T2013-54)	Director
5	Design and construction of model automobiles made of compoiste	2014	HCMUTE University distinguished project (Code: T2013-52)	Director
